CASCADE™

The height adjustable one-unit transfer eliminates care-giver back strain and allows the resident to face forward and maintain eye contact with the bath attendant.

Design your bathing area with color

End-Opening

The CASCADE™ End-Opening Series with Aqua-Aire™ is designed to give the resident a comfortable and dignified bath. The care-giver will enjoy the innovative design with the following features:

- ***No inside railing***
- ***No adjustment or leveling needed
- ***Smooth inside for easy cleaning

The CASCADE™ door is built to withstand the everyday rigors associated with the bathing environment.

Resident always facing forward maintaining eye contact with the care-giver
